Quarterly Performance Report

In Compliance with Act 1222 of 1995

Report Period October 2004 – December 2004

Executive Summary

October 2004 – December 2004

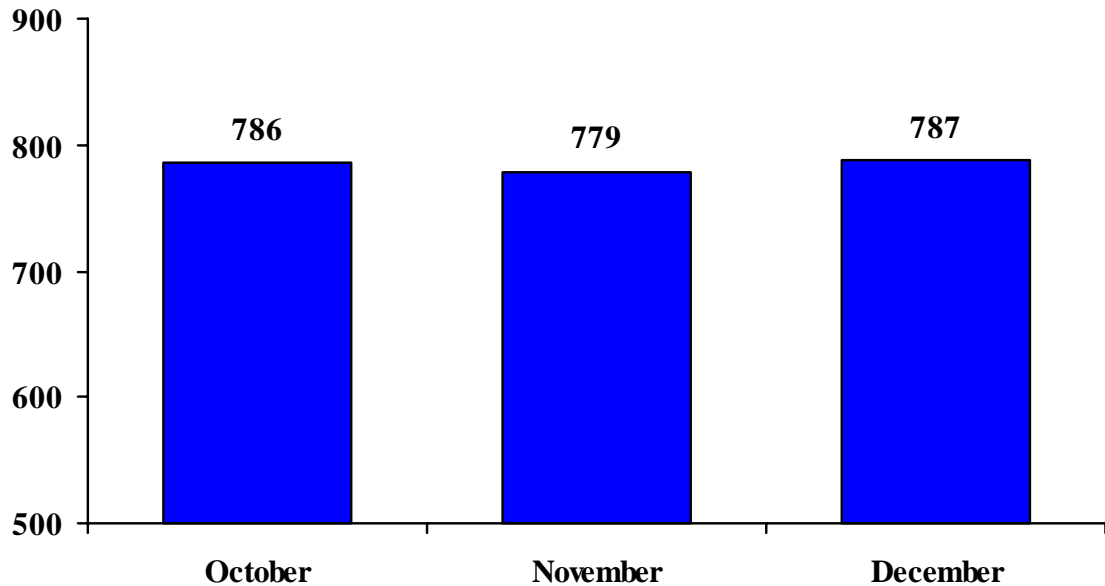

In the second quarter of FY 2005 the number of juvenile offenders in state custody decreased slightly from 810 in the previous quarter to 787. This is attributed to the number of youth on aftercare decreasing from the prior quarter. The number of juveniles in residential facilities remained the same.

Basic demographic characteristics remain unchanged. The population of youth in custody is predominately male (85%), slightly under half (49%) were committed on misdemeanor offenses, over half (56%) are sixteen years of age or older.

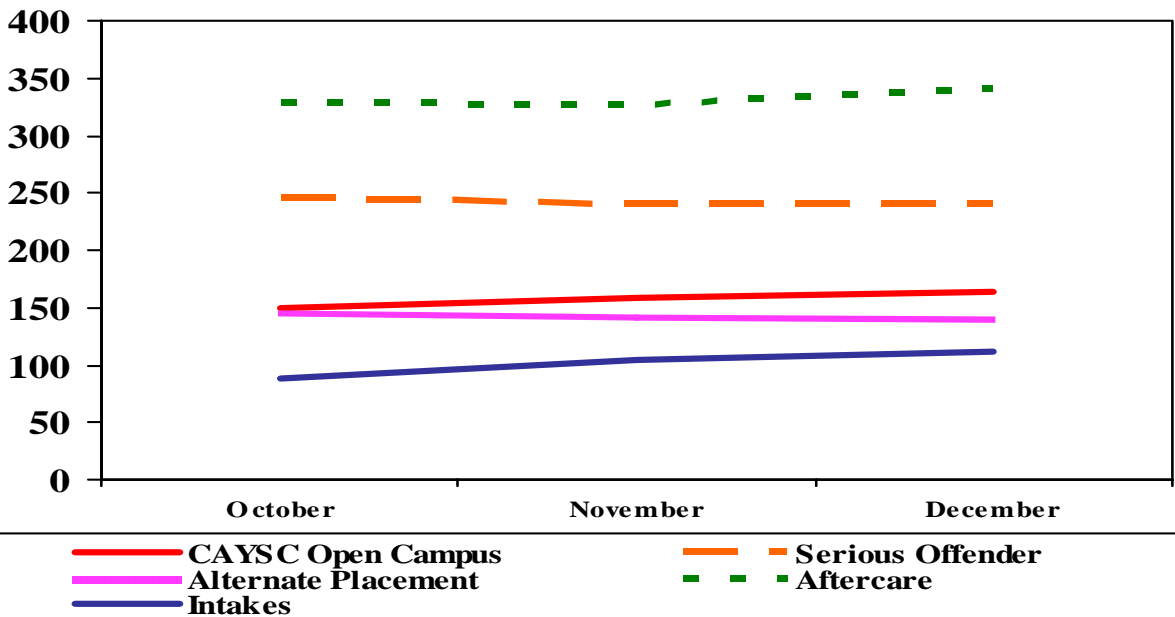

In the second quarter, thirty-one (31) incidents of suspected abuse or neglect were reported to the DYS internal affairs unit. Of the thirty-one (31) incidents, the Arkansas State Police determined twelve (12) merited investigation. Of the twelve (12), three (3) were determined unfounded, two (2) are unknown, and seven (7) remain under investigation.

* Since the Hotline and the Investigations unit are two separate sections within the Arkansas State Police, the Hotline may accept an incident called in, then later the incident will not be investigated by the Investigations Unit after review of the circumstances. The DYS IAU never receives a follow-up on these reports to know whether they were ever investigated. Some of these incidents occurred prior to the juvenile being committed to DYS. The IAU does not receive notification of the findings in these incidents. Some incidents that are reported in one quarter may not be finalized by the State Police until sometime within the next quarter.
